NCC Nexus

USER MANUAL

A simple, step-by-step guide to the NCC Nexus platform — for Cadets, Senior Under Officers, Alumni and ANO Officers. Every screen is shown exactly as you will see it, with numbered markers telling you where to click and what happens next.

Before you begin

NCC Nexus is one platform for your whole NCC unit — attendance, leave, quizzes, drill practice, meetings, community and more. What you see after logging in depends on **who you are**. Find your role below, then jump to your section.

SECTION A · PAGE 4

Cadet

Your day-to-day companion — mark your presence, apply for leave, practise quizzes and voice commands, watch your Digital Twin grow, and stay connected with your unit.

SECTION B · PAGE 11

Senior Under Officer (SUO)

Everything a cadet can do, plus command duties — take attendance for the whole unit, approve or reject leave, manage fines and schedule meetings.

SECTION C · PAGE 13

Alumni

Stay part of the family after you pass out — mentor juniors on the network feed, join meetings, and support your unit through verified donations.

SECTION D · PAGE 14

ANO Officer

The Command Portal — enrol and manage cadets, watch unit readiness, select camp rosters, tune scoring weights and consult the AI Adjutant.

How to read this manual — every screenshot carries numbered markers like this one. Each number points at a spot on the screen and matches the step with the same number written right below the picture. Follow them in order — that's it.

EVERYONE

Signing in

Open the NCC Nexus website and press **Login** at the top-right corner of the home page. The login card appears.

FIG 1.1 Cadet • SUO • Alumni login

- 1 Choose who you are — tap **CADET**, **SUO** or **ALUMNI**.
- 2 Type your **Regimental Number** (e.g. MP2023SWA022401).
- 3 Type your **password**. Tap the little eye to see what you typed.
- 4 Press **LOGIN** — you land on your own dashboard.

First time? Your login is created by your ANO. If your regimental number or password does not work, ask your ANO — do not make a new account.

DOOR 1**Cadet / SUO / Alumni**

Login with your **regimental number** + password from this card.

DOOR 2**ANO Officer**

Press **ANO Login** instead — officers sign in with their **official email** (page 14).

PASSWORDS**Stay safe**

Change your first password from **Reset Password** in the sidebar, and never share it.

CADET

Your dashboard

This is home. Everything in NCC Nexus is one click away from here.

FIG 2.1 Cadet dashboard

- 1 The **sidebar** is your menu — Profile, Feed, Attendance, Digital Twin, Meetings, Quiz, Voice, Chatbot, Chat and Community.
- 2 Your **quick cards** — current rank, attendance %, NCC certificate and enrolment status, always up to date.
- 3 **Start Quiz** jumps straight into a practice test.
- 4 **Invited Meetings** lists briefings you are invited to — tap **View All** to open them.

Bell icon (top-left) shows notifications. **Logout** is always at the top-right of every page.

CADET

Attendance & leave

FIG 3.1 Your attendance record

- 1 Open **Attendance** from the sidebar.
- 2 Read your summary at a glance — total drills, present, absent, attendance % and pending fines.
- 3 Open any **session** (like *Annual Training Camp Readiness*) to see each drill and whether you were Present or Absent.

Need a day off? Scroll down to **Leave Application Status** and press **+ Apply Leave**. Pick the drill, write your reason, attach a document if you have one (like a medical slip) and press **Apply Leave**. Your SUO will approve or reject it — the status shows right here.

CADET

Your Digital Twin

A living 3-D reflection of your NCC journey. Your twin's readiness score grows as your attendance, discipline, knowledge, participation and leadership grow.

FIG 4.1 Digital Twin

- 1 Drag the avatar to rotate it, **scroll** to zoom, double-click to reset the view.
- 2 Each **pillar card** shows one score with its trend — click a card to read exactly why the score is what it is.
- 3 The **ring** is your overall readiness out of 100.
- 4 Press **Recompute** after new drills or quizzes to refresh your scores.

Low confidence? A score with low confidence just means there isn't much data yet — keep attending and it firms up.

CADET

Quiz & mock tests

FIG 5.1 Choose your test

- 1 Pick a mode — **Practice** (25 random questions, 10 min) or **Mock Test** (full 50-question paper, 30 min, negative marking).
- 2 Pick a level — Easy, Medium, Hard or Mixed.
- 3 Press **Start Quiz**, tick “I agree to exam rules” and begin.

FIG 5.2 Inside the examination portal

- 4 Read the question and tap an option. Use **Next / Previous** to move, or tick **Mark for Review**.
- 5 Watch the **timer** — the test submits itself when time ends.
- 6 The **Question Navigator** jumps to any question. When done, press the red **Submit Attempt**.

After submitting you get your result instantly — correct, incorrect, negative marks and final score. Press **Download PDF** to keep it, or find every old attempt under **My Attempts**.

CADET

Voice trainer & chatbot

FIG 6.1 Voice Command Trainer

- 1 See the **expected command** (like *Savdhan*). Tap **Play** on any command below to hear it first.
- 2 Press **Start Recording** and say the command loudly and clearly.
- 3 Your AI feedback appears — pronunciation, clarity, volume and pace. Practise till it feels natural, then hit **Mark Learned**.

FIG 6.2 Your personal NCC chatbot

- 4 Type any NCC question in the box — drill commands, ranks, camp rules, anything.
- 5 Get a clear answer in seconds — like your own personal instructor, any time of day.

CADET

Community, certificates & meetings

FIG 7.1 Community

- 1 **Community Updates** — unit news, events, polls and photos in one feed.
- 2 **Search and filter** by Updates, Events, Polls or Media; sort by newest or most reacted.

FIG 7.2 Certificates

- 3 Press **Choose File** and upload a JPG, PNG or PDF of your certificate (max 10 MB).
- 4 All your uploaded achievements stay safe under **Your Certificates**.

FIG 7.3 NCC Command Meet

- 5 **Upcoming Meetings** shows briefings you must attend — join from here at the right time.
- 6 **Past Meetings** keeps the record — open **Details** or **View Summary** to see who attended and for how long.

SUO

Running unit attendance

As SUO you mark the whole unit's attendance, drill by drill, and decide on leave requests. Open **Attendance** in your sidebar.

FIG 8.1 Attendance monitoring

CADET NAME	16/06/2026 07:00 AM	15/05/2026 07:00 AM	14/04/2026 07:00 AM	13/03/2026 07:00 AM	TOTAL DRILLS

Aswin Ninama	P	A	P	P	4
Ayush Pawar	P	P	A	P	4

- 1 Pick the **session** and use **+ Add Session / + Add Drill** to set up new parades.
- 2 For each cadet, tap the little dropdown and choose **P** (present) or **A** (absent). It saves instantly.

Download Attendance exports the sheet; **Download Fine Report** lists every fine.

FIG 8.2 Approving leave

CADET NAME	Reason	Applied	Status	Action
Ridhima Sahu (MP2023SWA022412)	University examination	Applied: 05 Aug 2026, 08:39 pm No document attached	Pending	Approve / Reject
Shami Dubey (MP2023SWA022401)	Medical appointment	Applied: 05 Aug 2026, 08:39 pm No document attached	Approved	Approve / Reject
Soumya Dwivedi (MP2023SWA022417)			Approved	Approve / Reject

- 3 Switch to the **View Leave** tab — every application shows the cadet, reason and any attached document.
- 4 Press **✓ Approve** or **✗ Reject**. The cadet sees your decision immediately.

SUO

Creating a meeting

Schedule a briefing in under a minute. Open **Meetings** → **Create Meeting**.

FIG 9.1 Meeting details

Fill in the details below and select participants.

1 Meeting Details

TITLE
e.g. Weekly Parade Briefing

DATE & TIME
dd-mm-yyyy --:--

MEETING TYPE
General

DESCRIPTION
Describe the agenda and purpose of this meeting...

☐ Restricted Meeting (invite-only access)

- 1 Give the meeting a clear **title** — e.g. *Weekly Parade Briefing*.
- 2 Set the **date & time** and pick a **meeting type**.
- 3 Describe the agenda. Tick **Restricted Meeting** if it's invite-only.

Step 2 — Invite participants: search cadets by name, tap to add them (or **Select All**), then press **Schedule Meeting**. Everyone invited sees it on their dashboard. Afterwards, open **View Report** for attendance, duration and late-comers — and **Export CSV** for records.

ALUMNI

Alumni — stay connected, give back

FIG 10.1 Alumni dashboard

1 Your menu — **Network Feed** for mentorship posts, **Meetings**, **Chat**, **Community** and **Donations**.

2 Your NCC identity stays with you — former rank, attendance record and certificate.

FIG 10.2 Donations

3 Your giving summary — total donated, donation count, donor badge and unit rank.

4 Open **Unit Needs**, pick a campaign and press **Donate**. Enter the amount, choose UPI / method, and pay.

Safe by design: every payment is verified on the backend before the donation is recorded. Top donors appear on the unit's **Donor Wall**.

For the Officer in command

The ANO portal adds a command layer on top of the platform — unit intelligence, readiness scores, camp selection and an AI aide. Restricted to authorised NCC officers.

FIG 11.1 ANO login

- 1 On the home page choose **ANO Login**, then enter your **official email**.
- 2 Enter your **secure password**.
- 3 Press **AUTHORIZE ACCESS**. All activity on this portal is monitored.

FIG 11.2 Command dashboard

- 4 The command menu — cadets, Command Center, Risk Watchlist, Camp Selection, AI Adjutant, Scoring Weights and more.
- 5 Unit at a glance — total cadets, active cadets, SUOs and alumni.

T Tanuja Tripathi					

- 3 Search any cadet by name, email or unit — the whole roster is one list.
- 4 Use the **edit** button to update a cadet's role or rank, or the **red bin** to remove them.

ANO

Command Center & Risk Watchlist

FIG 13.1 Command Center — unit readiness

- 1 Press **Recompute all** to refresh every cadet's readiness. **Export brief** gives you a PDF for your HOD.
- 2 Read the unit at a glance — average readiness, camp-ready cadets and at-risk cadets.
- 3 Every cadet is ranked with a **readiness score and confidence** — click a row for the full picture.

FIG 13.2 Risk Watchlist — who needs attention

- 4 Press **Scan now** to refresh the watchlist from your unit's own data.
- 5 Each card explains itself — the **risk drivers** (like *attendance declining*) and a **recommended action**. Acknowledge a flag once you've acted on it.

ANO

Camp selection & scoring weights

FIG 14.1 Camp Selection Board

- 1 Choose the camp **profile** (RDC, Promotion, Certificate...), the number of **slots** and **reserves**.
- 2 Press **Run selection** — the board ranks the whole unit on readiness. Happy with it? **Confirm roster** locks it in; **Export PDF** prints the selection sheet.
- 3 Every pick is explained — scores, strengths and rank out of the eligible cadets. No black box.

FIG 14.2 Scoring Weights

- 4 Pick the profile you want to tune — General, RDC, Promotion or Certificate.
- 5 Drag the sliders to decide how much each pillar counts. The total always stays at **100%**.
- 6 Press **Save as new version** — every save is audited in the version history, and rankings update immediately.

ANO

The AI Adjutant

Your AI staff officer. Ask questions in plain language — it answers only from your unit's own data, shows exactly what it consulted, and can never act without your approval.

FIG 15.1 AI Adjutant console

1 Press **+ New conversation**, or reopen an old one from the list. Hover a conversation to rename or delete it.

2 Type your question — *“Who is at risk right now, and why?”*, *“Rank the top 5 cadets for RDC”* — or tap the mic to dictate it.

3 Under each answer, **Consulted:** shows which unit data it used. If it proposes an action, nothing happens until **you** press Approve.

Trust rules: the Adjutant sees only your own college's data, cannot invent numbers, and every consequential action needs your explicit approval — you stay in command.
